

18 October 2018

Dear Parent/Guardian

Please find below details regarding student reports and parents' evening for Years 7 and 11.

If you are a parent of a **Year 7, 8, 9 or 10** student, you will find their report enclosed. The report includes information about their current attainment, attitude to learning and homework.

Year 10 only: You will also find the results of their recent mock exams within the report. The mock results are important as they give an indication to students and their parents of the grade at which they are currently working and are used by teachers to provide feedback on the next steps to secure more marks.

Revision is crucial for success in the GCSEs. After half-term students will be bringing home a booklet titled 'Preparing for success in your GCSEs' which provides an overview of useful revision strategies and a detailed summary of all subjects studied, exam components and useful revision resources.

In addition to the recent Parent Information Evening for Year 10 parents, we will be publishing dates for practical revision workshops for parents and students after half term.

Year 11 only: Year 11 full reports will be distributed at parents' evening on Thursday, 8 November 2018. This will be an opportunity for you to discuss progress with subject teachers and understand more about how you can support your child. However, students have now had the results of their recent mock exams which should be used to help prioritise their revision.

50% of the year group and their parents attended our recent revision skills evening, which is a fantastic start to the year. As requested by a number of parents, we will also be offering some smaller group practical revision workshops after half term where parents, students and a member of staff can create revision timetables and resources together. We hope to see all parents at the Year 11 parents' evening.
