

25 May 2023

Dear Parents/Carers

Independent revision, homework and Period 6 After half term

Firstly, I want to say how fantastic Year 10 were regarding their recent English Literature Exam. They approached their GCSE with maturity and worked incredibly hard in the build-up. One GCSE is now complete with the others being assessed this time next year.

In preparation for their final year at Park we are raising the bar yet again to give students the opportunity to be successful. There will be some changes to homework for the final half term of this year.

Homework

At the end of each day students are expected to complete independent revision by completing a summary of their learning from each lesson they have had that day. This can be done in the form of a revision card or notes that they need to show their teacher the following lesson. Homework will be set weekly by departments; this will be in the form of knowledge testing activities and exam application.

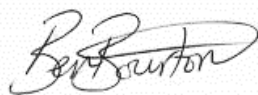

P6 sessions

After half term all students will be expected to attend P6 after school. This is to help students apply their learning and support them with any gaps in their knowledge. These have been split into two sessions lasting 40 minutes - Options followed by core subjects. The timetable is below:

Monday	Tuesday	Wednesday	Thursday	Friday
Option A	PE	Option B	Option C	RE
Science		English	Maths	

I hope you have a wonderful half term, and we look forward to seeing Year 10 for the final half term of this year.

Yours faithfully

Ben Bourton
Assistant Headteacher
